

# Metso

Your edge against the wear

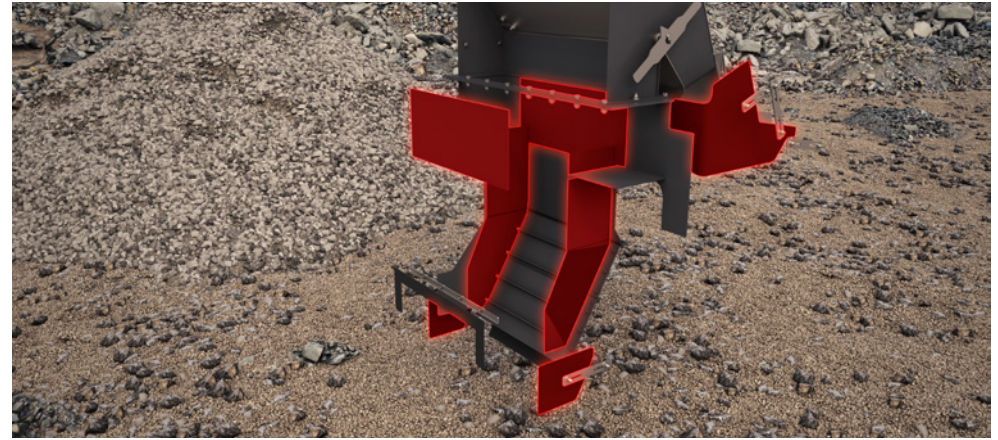

## Wear Flow package

Application

Easy to order machine specific wear flow parts optimized to match your equipment and guarantee optimal crushing performance. Available for Nordberg® C Series, HP, GP and NP Series crushers, Lokotrack and Nordtrack mobile plants.

Keeping the plant running is never easy. Parts can wear out and bring production to a stop. How can you be better prepared?

Parts that are in contact with the material flow will wear out over time. Metso Wear Flow package is an easy way to order new wear parts. Wear Flow package is a machine specific offering for parts which wear out.

Wear Flow package is your edge against the wear. By having parts always available you can keep your machine producing.

Secure the availability of your equipment with the Wear Flow package.

### Quality

Metso works to ensure that high standards and strict tolerances are met to keep your machine running.

### Efficiency

We have identified the most important Wear Flow parts to have available for upcoming maintenance and to ensure increased uptime.

\* HP Series models: HP100, HP200, HP300, HP400, HP500

## Benefits

- Ensures best performance for your machine
- High availability through our global distribution network
- Maximize production time by reducing unplanned stoppages
- Based on 100 years of equipment expertise

# Typical Wear Flow parts included in the packages

Parts conveniently combined in packages. Refer to the table below for the package contents. When ordering your package, please indicate the serial number of your machine. Contact your Metso distributor or sales for more details.

Product	Type	Component
C & NT* Series jaw crushers	Chute protective wears	Feed chute lip plate
C & NT* Series jaw crushers	Crusher protective wears	Cheek lates
C & NT* Series jaw crushers	Crusher protective wears	Pitman eye protection plate
C & NT* Series jaw crushers	Crusher working wears	Jaw plates
GP Series cone crushers	Crusher protective wears	Arm guards
GP Series cone crushers	Crusher protective wears	Crusher frame liners
GP Series cone crushers	Crusher protective wears	Intermediate cone
GP Series cone crushers	Crusher working wears	Concave
GP Series cone crushers	Crusher working wears	Mantle
GP Series cone crushers	Crusher working wears	Top bearing seal
GP Series cone crushers	Crusher working wears	Torch ring
HP Series** cone crushers	Crusher protective wears	Arm guards
HP Series** cone crushers	Crusher protective wears	Countershaft guards
HP Series** cone crushers	Crusher protective wears	Crusher frame liners
HP Series** cone crushers	Crusher working wears	Backing compound
HP Series** cone crushers	Crusher working wears	Bowl liner
HP Series** cone crushers	Crusher working wears	Mantle
HP Series* cone crushers	Crusher working wears	Torch ring
NT & NP*** Series impactors	Crusher protective wears	Crusher frame liners
NT & NP*** Series impactors	Crusher working wears	Breaker plate liners
NT & NP*** Series impactors	Crusher working wears	Impact bars

Product	Type	Component
LT** & NT Series mobile plants	Conveyor consumable spares	Scraper blades
LT** & NT Series mobile plants	Conveyor protective wears	By-pass chute discharge rubbers & fixing plates
LT** & NT Series mobile plants	Conveyor protective wears	Conveyor protection plate (C Jaw only)
LT** & NT Series mobile plants	Conveyor protective wears	Conveyor side rubbering & fastening plates
LT** & NT Series mobile plants	Feeder working wears	Grizzly Cassettes
LT** & NT Series mobile plants	Rock breaker working wears	Rock breaker rod
LT** & NT Series mobile plants	Screen & feeder protective wears	Screen and feeder liners, rubbering & strips
LT** & NT Series mobile plants	Screen & feeder protective wears	Screen and feeder discharge lips / trays
LT** & NT Series mobile plants	Screen & feeder working wears	Prescreen & feeder screen cloth
Lokotrack ST Series mobile plants	Conveyor consumable spares	Scraper blades
Lokotrack ST Series mobile plants	Conveyor protective wears	Conveyor side rubbering & fastening plates
Lokotrack ST Series mobile plants	Screen & feeder protective wears	Screen and feeder liners, rubbering & strips
Lokotrack ST Series mobile plants	Screen & feeder protective wears	Screen and feeder discharge lips / trays
Lokotrack ST Series mobile plants	Screen & feeder working wears	Prescreen & feeder screen cloth
NW Series portable plants	Conveyor consumable spares	Scraper blades
NW Series portable plants	Conveyor protective wears	By-pass chute discharge rubbers & fixing plates
NW Series portable plants	Conveyor protective wears	Conveyor side rubbering & fastening plates
NW Series portable plants	Feeder working wears	Grizzly cassettes
NW Series portable plants	Screen & feeder protective wears	Screen and feeder liners, rubbering & strips
NW Series portable plants	Screen & feeder protective wears	Screen and feeder discharge lips / trays
NW Series portable plants	Screen & feeder working wears	Prescreen & feeder screen cloth
