## Investor presentation

## April 2021

#### Forward looking statements

It should be noted that certain statements herein which are not historical facts, including, without limitation, those regarding expectations for general economic development and the market situation, expectations for customer industry profitability and investment willingness, expectations for company growth, development and profitability and the realization of synergy benefits and cost savings, and statements preceded by "expects", "estimates", "forecasts" or similar expressions, are forward looking statements. These statements are based on current decisions and plans and currently known factors. They involve risks and uncertainties which may cause the actual results to materially differ from the results currently expected by the company.

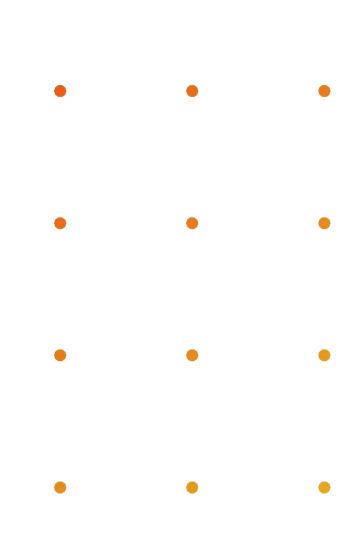

Such factors include, but are not limited to:

1) general economic conditions, including fluctuations in exchange rates and interest levels which influence the operating environment and profitability of customers and thereby the orders received by the company and their margins

2) the competitive situation, especially significant technological solutions developed by competitors

3) the company's own operating conditions, such as the success of production, product development and project management and their continuous development and improvement

4) the success of pending and future acquisitions and restructuring.

#### **Metso Outotec in brief**

Metso Outotec is a frontrunner in sustainable technologies, end-toend solutions and services for the aggregates, minerals processing, and metals refining industries globally.

**3.9** billion euro sales

50+ countries with presence

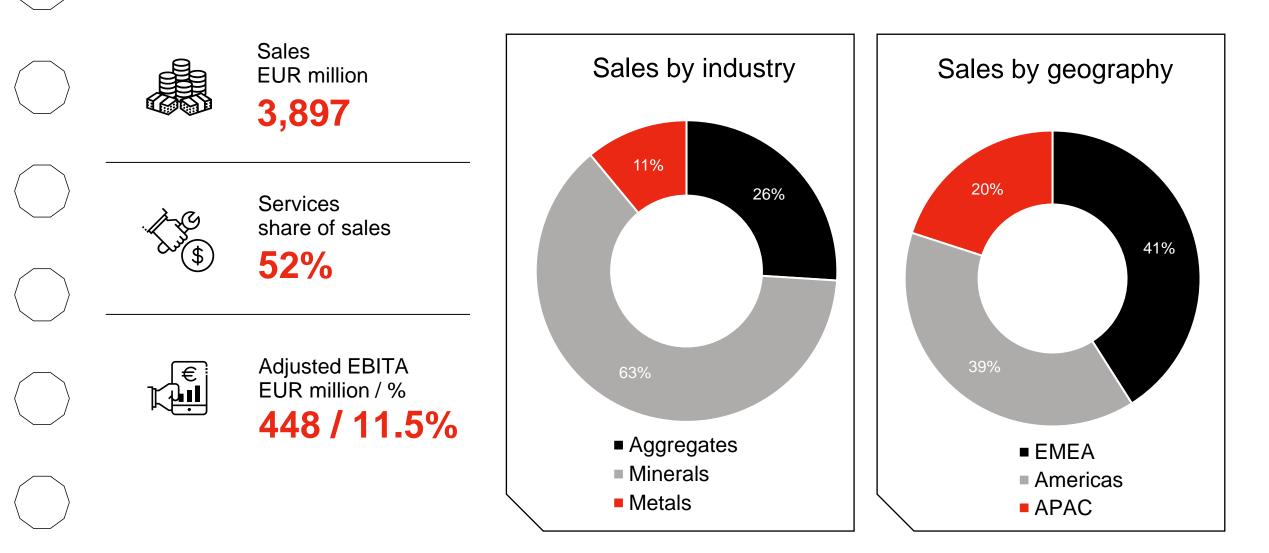

By improving our customers' energy and water efficiency, increasing their productivity and reducing environmental risks with our process and product expertise, we are the partner for positive change.

**150** years of expertise in mining and metal

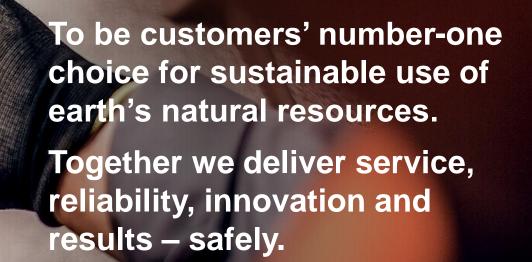

### Metso Outotec key financials – year 2020

## Our purpose

## Enabling sustainable modern life

## **Our vision**

## Our purpose - Enabling sustainable modern life

MEGATRENDS Urbanization Electrification Sustainability Resource scarcity VISION To be customers' number one choice for sustainable use of Earth's natural resources. Together we deliver service, reliability, innovation and results – safely.

BRAND PROMISE We are the partner for positive change TOP PRIORITIES Integration and financial performance Customer centricity Sustainability Performance culture

### Our key strengths provide a strong base...

T TEXTING

S T

Widest offering and capabilities

Leading services expertise

Customer base and strong brand

Strong technology and R&D power

နှိုင်

Scale & financial position

IF™PI

# ...which is supported by focused organization with clear roles and responsibilities

#### **Business areas**

- P&L responsibility
- Offering
- Go-to-market models
- R&D

#### Market areas

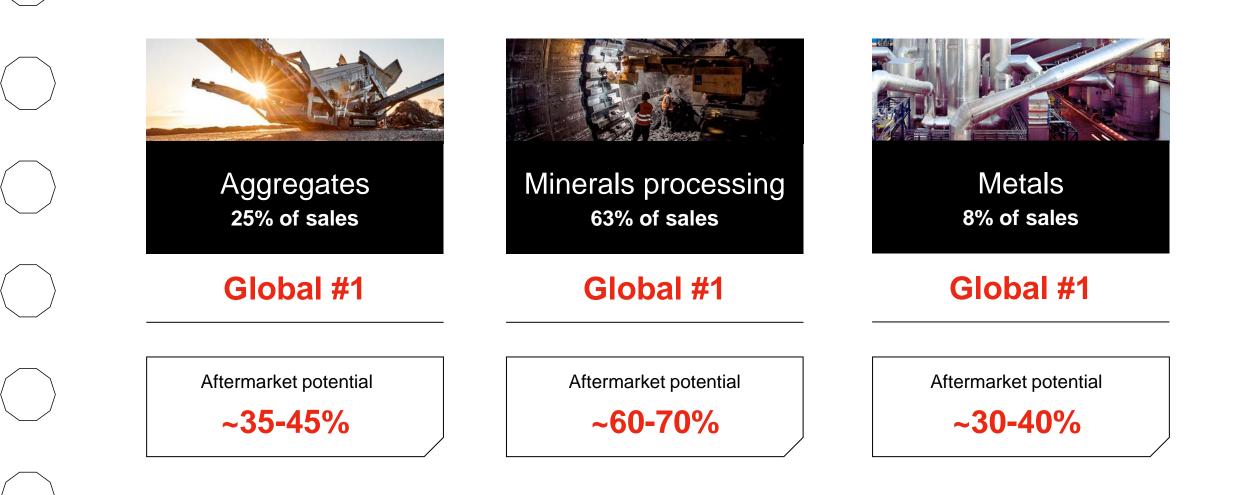

- Customer service
- Sales & account management
- Local operations

## 8

#### **Global functions**

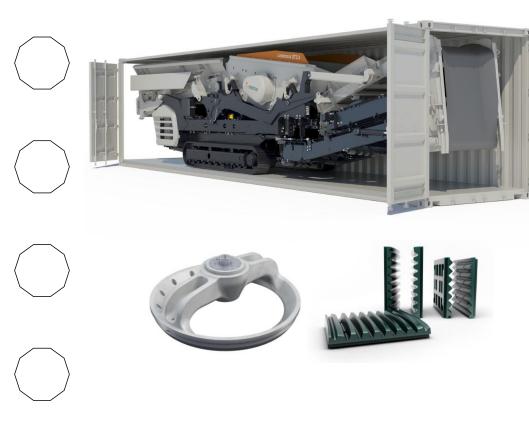

- Scale benefits
- Best practices
- Global tools
- Cost efficiency

## Our strong portfolio with aftermarket opportunities

Note: sales split year-to-date 2020, excluding Recycling 4%

## Emphasizing services and product development

Metso:Outotec

#### CONTINUOUSLY GROW SERVICES

 Reinforce presence in service-intensive businesses

• Profitability and stability over cycles

 Grow coverage of own installed base and grow beyond that

#### FOCUS ON PRODUCT DEVELOPMENT

- Building on our end-toend **process knowledge**
- Standardized and preengineered products
- Securing service business potential via design to service
- Reducing dependency on big projects

### We are on track in delivering the integration synergies

## Synergies at announcement of transaction (July 4, 2019):

- EUR 100 million cost synergies
- EUR 150 million revenue synergies
- In three years

## Synergies confirmed after merger (August 4, 2020):

- EUR 120 million cost synergies by end of 2021
- EUR 50 million run-rate by end of 2020
- EUR 150 million revenue synergies by end of 2022

Metso:Outo

Current update at Q4/2020:

- EUR 65 million annual runrate in cost synergies realized at the end of 2020
- Run rate of EUR 120 million to be achieved in the end of 2021

#### Business specific profitability improvement actions continue

Earlier initiated actions continue uninterrupted in Minerals and Aggregates, Metals restructuring and turnaround actions ongoing

#### Supply footprint

- Ensuring scale and competitiveness
- Focusing on reducing internal logistics and complexity
- Improving lead times to reduce working capital

#### **Customer centricity**

- Improving on-time delivery
- Ensuring availability and reliability

#### R&D

- Ensuring consistent roadmap and gate structure
- Focusing on productization, serviceability and sustainability

## Strategy execution will result in measurable financial improvement

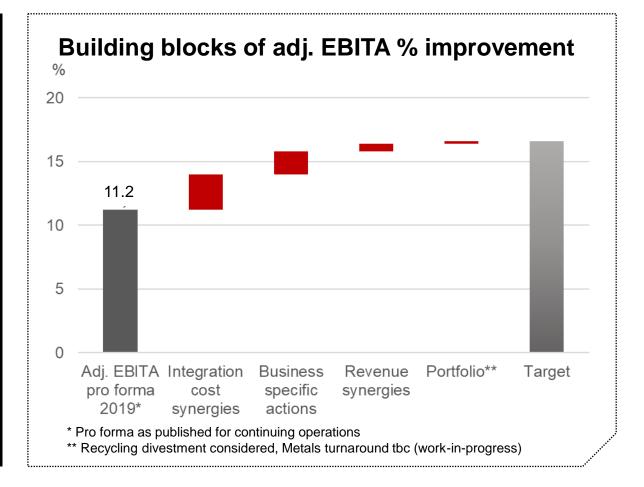

Financial targets

Adjusted EBITA >15% over the cycle

Maintaining an 'investmentgrade' credit rating

Dividend pay-out of at least 50% of earnings per share

Progress in sustainability in alignment with the 1.5 °C commitment

## Action taken in Metals & Recycling

- Metals turnaround ongoing
- Business scope and cost structure to be addressed
- 15M annual savings announced in early March
- Recycling business
  announced to be divested
- Aluminium business divestment completed in April 2021

## Our core industries have a solid growth outlook...

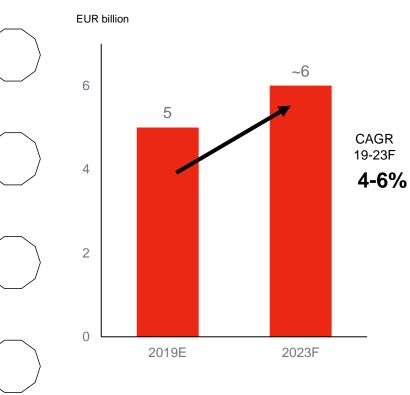

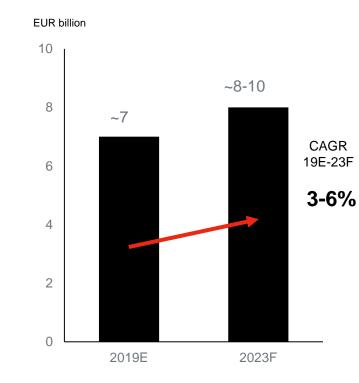

#### MINERALS PROCESSING

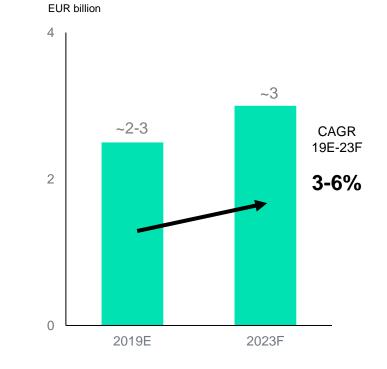

#### – equipment market growth

#### **METAL REFINING**

- equipment market growth

## Metso Outotec for aggregates industry

#### **Our customers**

Large international companies as well as numerous smaller and local ones in aggregates industry

#### Our offering

- Crushers, screens and feeders
- Mobile and portable machines and plants
- Stationary crushing and screening plant systems
- Spares, upgrades, and wear parts
- Professional services: Installation, inspections, plant audit, maintenance, shutdowns, optimization
- Life cycle services and performance solutions

#### **Customer benefits**

- Best cost, best availability, easy-tobuy, and easy-to-own solutions
- Range of brands and solutions that cover needs from essential to highperformance: Metso, McCloskey, Jonsson & Söner, Shaorui, Liugong Metso
- Environmentally friendly and lownoise, low-dust solutions for urban environments
- Timely and reliable expert service and parts near customers through our own and distributors' networks

#### Aggregates: unparalleled offering for crushing and screening

Cone and jaw crushers World-leading offering in crushing

#### Life Cycle Services and financing services

Service models that make leasing and investing simple and optimize total cost of ownership

my.metso.com E-commerce platform to order original Metso spare and wear parts easily

#### Lokotrack<sup>®</sup> Urban<sup>™</sup> series

Community-friendly crushing plants with advanced noise and dust protection - incl electric and hybrid

Tools that help simulate performance for a wide range of rocks and applications - and find the optimal solutions

## Metso Outotec for minerals processing

#### Our customers

Large global miners, major and midsized regional operators and junior miners

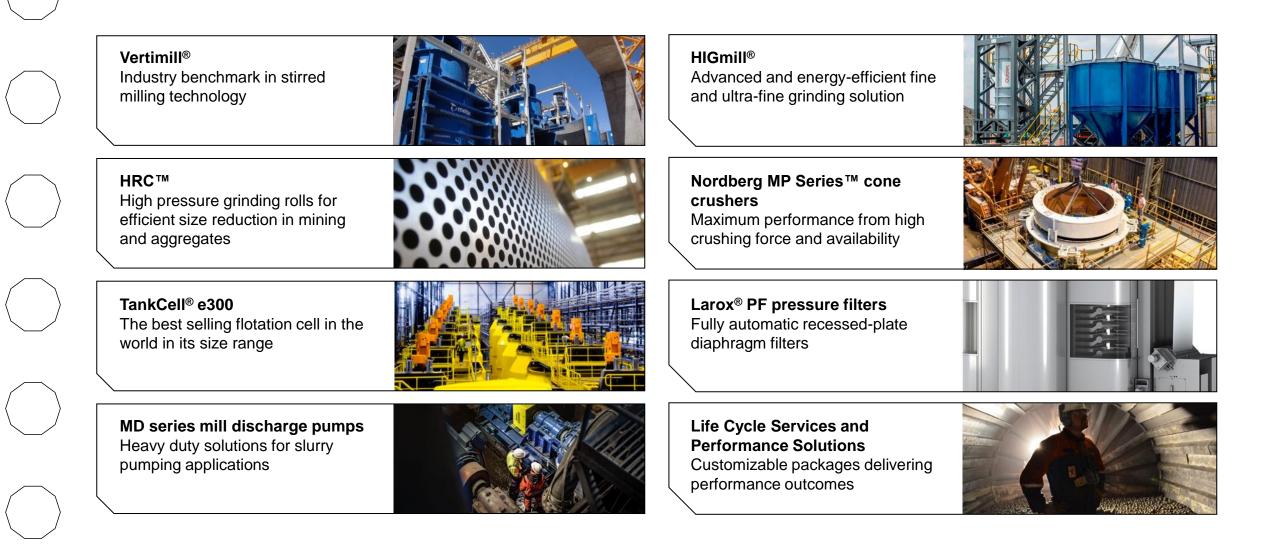

#### Our offering

- Equipment for comminution, beneficiation, dewatering, classification, material handling, and slurry handling
- Plant solutions and systems incl inpit crushing systems, concentrator plants, tailings management systems and bulk material handling
- Spares, upgrades and wear parts
- Professional services: Installation, inspections, maintenance, shutdowns and optimization
- Life cycle services and performance solutions

#### **Customer benefits**

- Most technologically advanced equipment and solutions with
  - Highest recovery rate and throughput
  - Lowest total cost of ownership
  - Best energy and water efficiency
- Broad portfolio of equipment as a basis to always crafting the optimal solution for any application
- World-class service expertise close to customers
- Secure parts availability with optimal performance

### Minerals: full offering from ore to concentrate

### Metso Outotec for metals refining

#### **Our customers**

Large and mid-sized mining companies, as well as local mining and metallurgical companies in emerging markets

#### **Our offering**

- Pre-engineered products and solutions for process islands and full plants
- Tailored EP, EPS and EPC plant deliveries
- Delivery, construction, commissioning, training, ramp-up of plant solutions incl financing
- Operate & maintain, access & optimize, guaranteed production
- Remote services, R&D centers, pilot plants
- Spares and upgrades
- Professional services: Installation, inspections, maintenance, shutdowns, optimization

#### **Customer benefits**

- Full solutions for processing almost any ore or concentrate to refined metal, incl sulfuric acid production
- In-house test work and world-class R&D provide our customers with the optimum solution
- Technologies with low emissions, high energy efficiency
- Strong technological expertise and close support throughout the project

#### Metals: advanced solutions from ore or concentrate to metal

Iron Ore Agglomeration World leader with more than 400 Sinter Plants and more than 100 -incl. the world's biggest-Pellet Plants supplied globally

Acid plant process solutions Over 650 completed acid plant deliveries to date

World-class smelting technologies Operated by world's largest copper, nickel and ferrochrome operations and widely used in various secondary smelters. World leader in anode casting

**Light Metals** Over 70 delivered Alumina Calcination and Tube Digestion Plants

**Fluid Bed Technology** More than 300 Fluid Bed Roasting installation incl. largest partial Roasting plant

Hydrometallurgy solutions and equipment for Base Metals, Gold and Battery Metals VSF® SX equipment used extensively in copper solvent extraction worldwide

# Q4/2020 results

#### Q4 in short

- Strong order intake in all segments
- Performance of the Aggregates and Minerals segments healthy
- Metals restructuring and turnaround actions started
- Integration proceeded fast with EUR 65 million annual run rate of cost synergies achieved
- New strategy and financial targets published

## Group Q4 key figures, IFRS (comparison period illustrative combined)

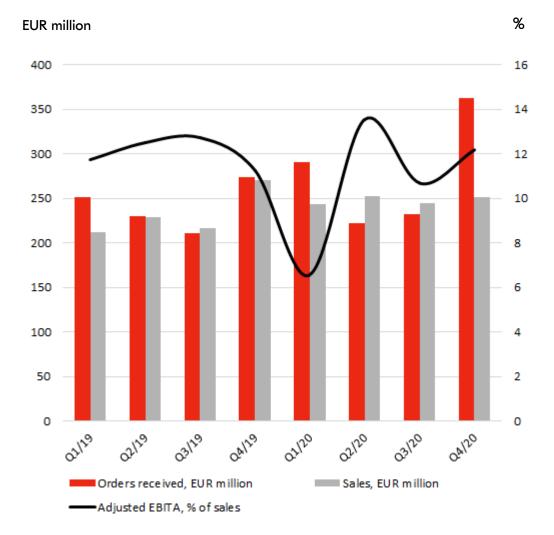

- Orders received EUR 1,304 million (EUR 1,045 million)
- Sales EUR 977 million (EUR 1,087 million)
- Adjusted EBITA EUR 103 million, or 10.6% of sales (EUR 138 million or 12.7%)
- EBIT EUR 44 million, or 4.5% of sales (EUR 103 million or 9.4%)
- Cash flow from operations EUR 177 million, full year EUR 587 million
- The Board will propose an annual dividend of EUR 0.20 for 2020, to be paid in two equal installments and totaling EUR 166 million

#### Covid-19 impacts in Q4

- Overall negative impact continued due to lockdowns and widespread restrictions limiting travel and workforce mobility
- The aggregates business, which faced the most rapid and negative impacts earlier, saw market activity normalizing
- Good underlying activity in the minerals and metals markets, while decision-making as well as commissioning related to bigger investments was still slow due to the mobility restrictions
- The services business continued to be affected by limited access to planning, preparing, and carrying out maintenance and modernization work at customer sites. The demand for spare parts and consumables continued to be good, supported by healthy utilization rates at mines thanks to high metal prices

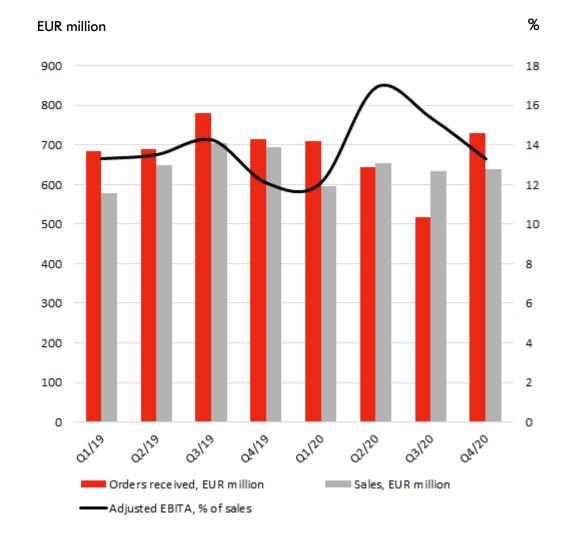

#### Aggregates segment quarterly highlights

- Orders received EUR 363 million (EUR 274 million)
  - Activity improved in equipment business
  - Organic growth +38%
  - Strong contribution from McCloskey
- Sales EUR 251 million (EUR 271 million)
  - Organic growth -2%
  - Low orders in previous quarters and -5% currency impact
- Adjusted EBITA EUR 31 million (EUR 30 million)
  - Margin of 12.2% (11.2%)
  - Positive contribution from business improvement measures and McCloskey synergies

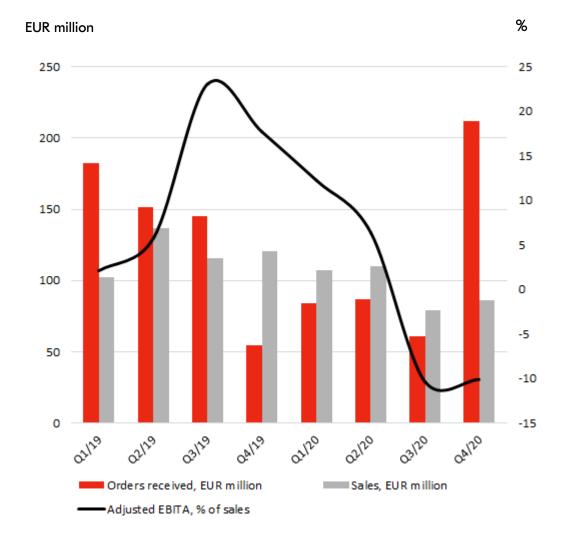

#### Minerals segment quarterly highlights

- Orders EUR 730 million (EUR 716 million)
  - Strong equipment orders
  - Services affected by Covid-19
  - Currency impact -9%
- Sales EUR 640 million (EUR 696 million)
  - Organically flat in constant currencies
  - Currency impact -8%
  - Services share 62% (65%)
  - Adjusted EBITA EUR 85 million (EUR 84 million)
    - Margin of 13.3% (12.1%)
    - Supported by efficiencies and synergies
    - Negative mix impact
    - Issues related to the ramp-up of the new consumables manufacturing footprint had a negative impact in November and December

#### Metals segment\* quarterly highlights

- Orders received EUR 212 million (EUR 55 million)
  - Market activity improved towards the end of Q4
- Sales EUR 86 million (EUR 121 million)
  - Low order backlog from previous quarters
- Adjusted EBITA EUR -9 million (EUR 21 million)
  - Too high fixed-cost structure compared to sales
  - Comparison period included positive one-off items
- Turnaround actions targeting EUR 15 million savings
  - o Businesses reorganized for an efficient turnaround

\* Excluding Recycling, which has been classified as discontinued operations

#### Net working capital on December 31, 2020

EUR million

#### **Financial position**

- Committed and undrawn revolving credit facilities totaled EUR 790 million at the year end
- EUR 300 million bond with a maturity of 7.5 years was issued in November. The proceeds were used to repay a EUR 300 million bank term loan.
- Ratings: Moody's: 'Baa2' long-term rating with stable outlook
   S&P: 'BBB-' preliminary long-term rating with negative outlook

EUR million	December 31, 2020
Liquid funds	537
Net debt	799
Gearing, %	39.2
Equity-to-assets ratio, %	39.9
Debt to capital, %	37.2
Equity/share, EUR	2.46

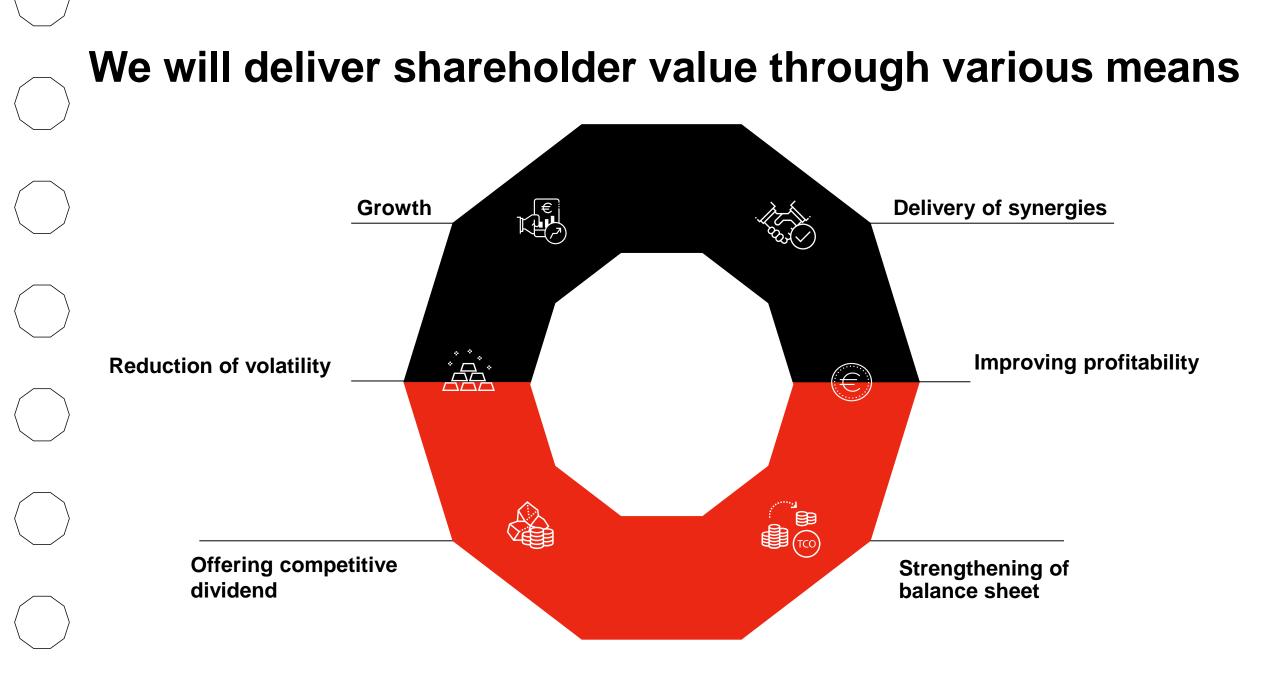

#### Integration proceeding fast and according to plan

- At the year end, an annual run rate of EUR 65 million had been reached, exceeding the earlier estimate of EUR 50 million
- The main source of the synergies has been the restructuring of the organization
- Run rate of EUR 120 million to be achieved in the end of 2021
- The first revenue synergies booked in orders received during 2020
- The realization of synergies is expected to result in one-off, pre-tax costs of approximately EUR 75 million, which is below the original estimate of EUR 100 million. Around EUR 33 of this was booked in 2020, and the majority of the remaining is expected to be incurred by the end of 2021.

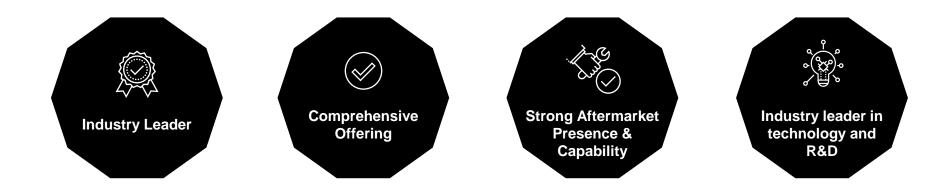

#### Market outlook

Metso Outotec expects the market activity to improve, subject to the development of the Covid-19 pandemic.

According to its disclosure policy, Metso Outotec's market outlook describes the expected sequential development of market activity during the following six-month period using three categories: improve, remain at the current level, or decline.

### Metso Outotec investment highlights

We have created a stronger platform in an industry that is transforming through consolidation, digitalization and an increased focus on sustainability

# Partner for positive change
