

Metso:Outotec

Interim Report Q3/2022

President and CEO Pekka Vauramo and CFO Eeva Sipilä
October 28, 2022

Forward looking statements

It should be noted that certain statements herein which are not historical facts, including, without limitation, those regarding expectations for general economic development and the market situation, expectations for customer industry profitability and investment willingness, expectations for company growth, development and profitability and the realization of synergy benefits and cost savings, and statements preceded by "expects", "estimates", "forecasts" or similar expressions, are forward looking statements. These statements are based on current decisions and plans and currently known factors. They involve risks and uncertainties which may cause the actual results to materially differ from the results currently expected by the company.

Such factors include, but are not limited to:

- 1) general economic conditions, including fluctuations in exchange rates and interest levels which influence the operating environment and profitability of customers and thereby the orders received by the company and their margins
- 2) the competitive situation, especially significant technological solutions developed by competitors
- 3) the company's own operating conditions, such as the success of production, product development and project management and their continuous development and improvement
- 4) the success of pending and future acquisitions and restructuring.

October 28, 2022

Metso:Outotec

Sustainability highlights in Q3/22

Planet Positive launches during the quarter included:

- Next generation OKTOP® CIL Reactor for gold leaching and recovery
- NextGen Pelletizing™ concept supporting transition to green steel

Recycling service of worn-out mill liners introduced:

- Reduces CO₂ emissions and improves environmental efficiency
- The first partnership announced with Boliden's Kevitsa site in Finland

Strong growth in Planet Positive sales

Supplier sustainability engagement progressing ahead of target

Several footprint actions completed

Market Outlook

Market activity is expected to remain at the current level, with the mining market remaining strong and the aggregates market declining due to the expected softening of the European market.

According to its disclosure policy, Metso Outotec's market outlook describes the expected sequential development of market activity during the following six-month period using three categories: improve, remain at the current level, or decline.
